

Tree Silhouette Art

Directions & Suggestions

Directions

1. Give each student a blank sheet of paper.
2. Color the entire page with multiple 'sky' colors. Make diagonal lines, horizontal lines, etc.
3. Have each student cut out the strips from one of the silhouette trees.
4. Glue each strip onto the sky page to create the tree silhouette.

Suggestions

Complete one task before using each color to color the background and before cutting and pasting each strip of the tree.
